Gary,

There's an error in the weekly update in sections 1A, 2A and 3B we incorrectly stated that Tank 21 had been removed. As I indicated in my request for extension today Tank 21 has had the top removed however the bottom portion of the site remains on-site. Pending the internal approval of US Ecology, to accept the waste that's in Tank 21 this week, we dispose of the contents and the Tank this week.
